

**WE WANT
YOUR
FEEDBACK**

FEEDBACK SYSTEM

► TEAM MEMBERS:

- * Rani(17A91A0574)
- * Sai Surya(17A91A0584)
- * Jagadeeshwari(17A91A05A0)
- * Madhuri(17A91A0579)

UNDER THE GUIDANCE OF

- * R.Sudhir

AIM:

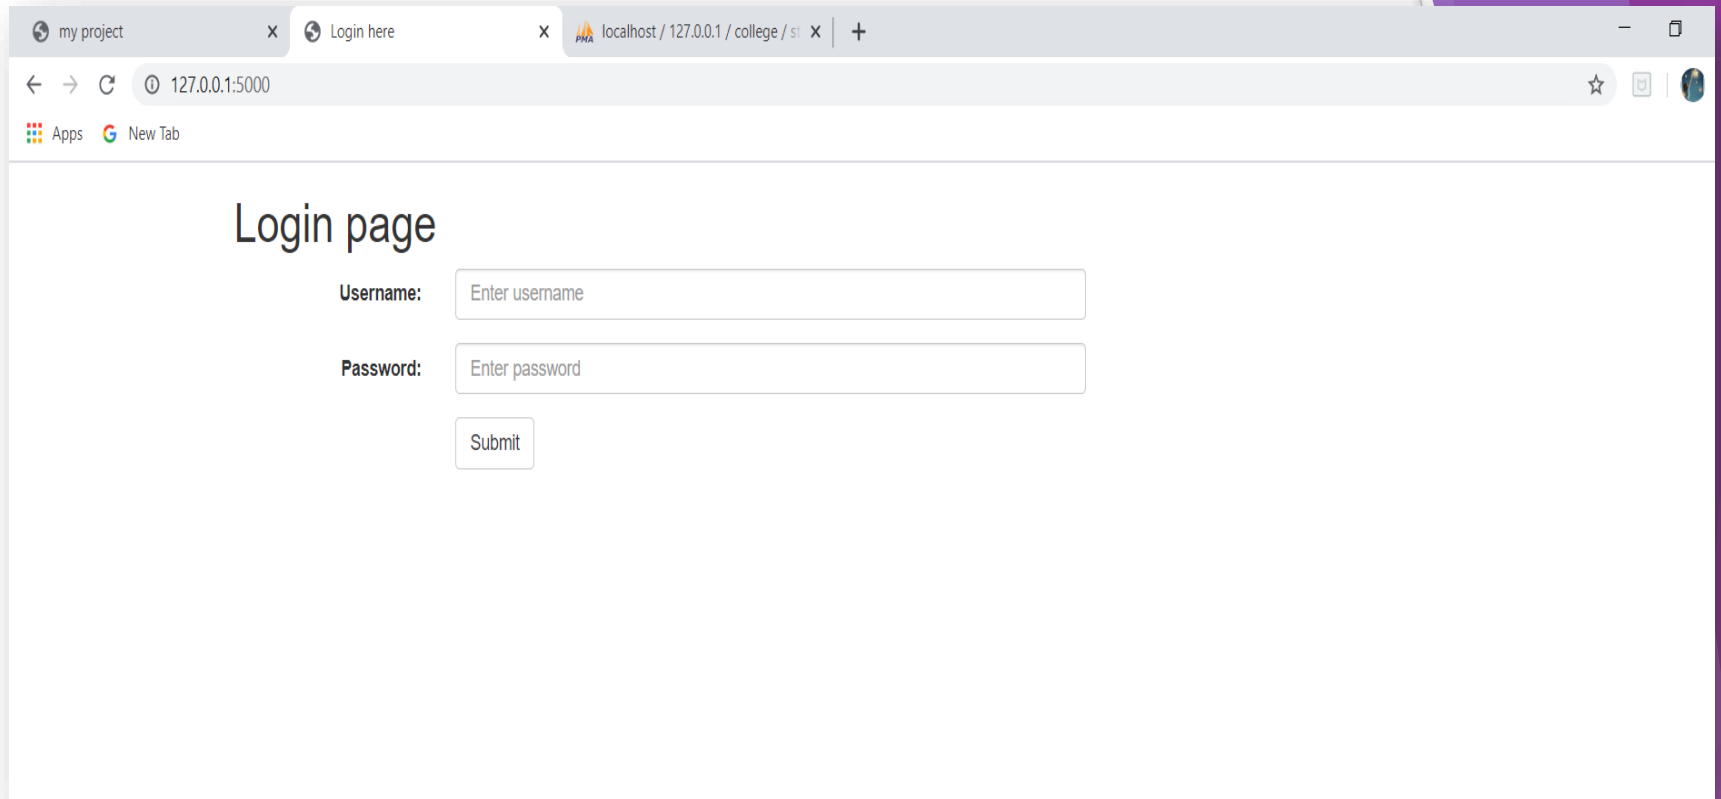

- ▶ To create and design a student feedback system to provide feedback in an easy and quick manner. In this we are having two kinds of modules student and admin.

Technologies used:

- ▶ FLASK PYTHON WEB FRAME WORK
- ▶ MY SQL
- ▶ SUBLIME TEXT
- ▶ XAMPP SERVER
- ▶ NGROK
- ▶ AJAX

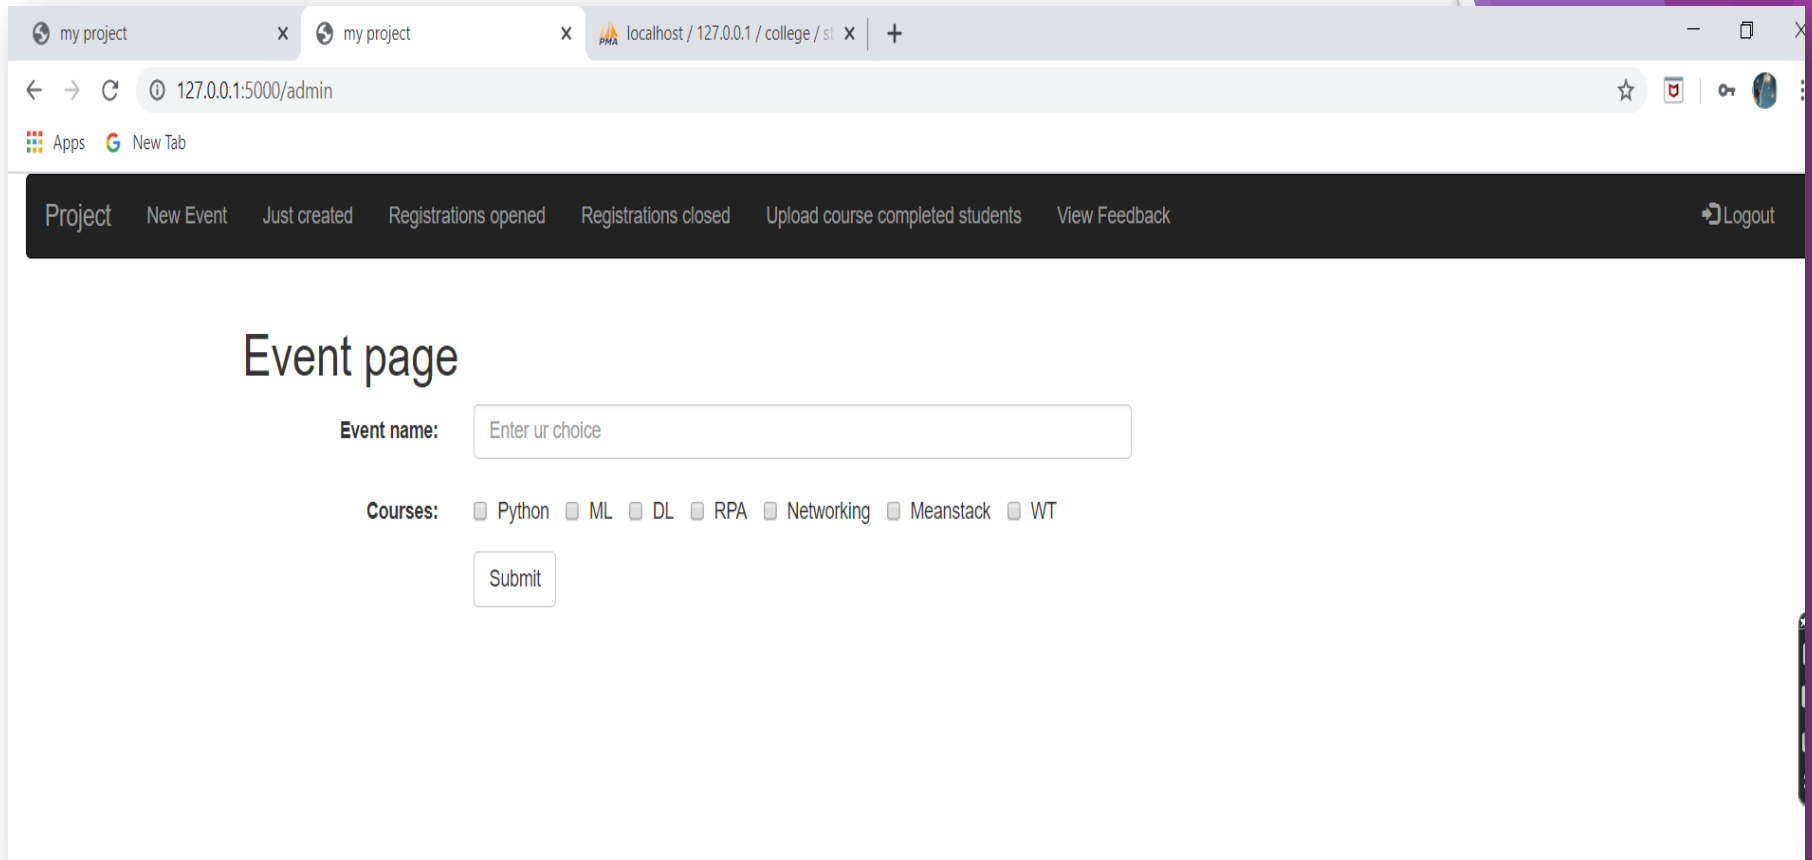

Login Page:

- ▶ Through this page the admin can login by giving the correct username and password.
- ▶ After the admin successful login he/she can able to gets redirected to event page.
- ▶ In that page there are six menu tabs like:
 - * New Event
 - * Just created
 - * Registration open
 - * Registration close
 - * Upload course completed students
 - * View feedback

Event Page:

- ▶ **New Event** :By using new event admin creates an event and courses in that event and post by submitting it. Then created event goes to just created page .

Just created: The events which are created can be viewed in just created page. And it has edit button to edit an event, delete button to delete an event ..And it has registration open button by clicking it admin goes to registration open page

► Upload course completed students:

In this admin can upload the students who completed the course successfully. And only those students are eligible to give feedback. admin select the event that is closed and the courses in it, then it will display the students who completed that course. By this admin will give permission form the eligible students to give feedback
